

Create Your Free Memory Mat!

Instructions for Creation:

1. Fill in information in response to each prompt, including name of recipient and interest topics—write words and phrases that act as memory cues. Do not include numbers on your mat.
2. Paste up to five photos (or more, as space allows) of friends and family (including pets!) plus a portrait of the recipient—include relationships and names as desired. Feel free to use your Smartphone to take pictures to print.
3. Slide your paper mat into the clear, protective sleeve. Use Memory Mat on a tray table, nightstand, or cafeteria table! Wipe off and reuse!
